Hi David –

I'm talking to Angel right now. Do you know where we can find a bench similar to that one? Do you have a vendor you normally use? do they have a catalog? Any information will be helpful.
Thank you!

Subject: Southshore Coastal Trailhead missing bench

Hi Lili. I hope you are well today. Say, we had to remove a vandalized bench that someone had removed from its spot at the Southshore Coastal Trailhead. They poised it on the edge of the cliff, so we had to tow it back and dismantle it to get it out of there. It was unusable as you can see on one of the attached photos at it is lying on the ground.

Another photo shows the vacant spot where a new bench needs to go back in. It can be similar to the other remaining bench that is currently nearby on the other side of the picnic table. The attached aerial photo shows the location of the vandalized bench (to the right of the blue triangle) prior to it being damaged. Would you folks be able to handle this replacement sometime soon? This is a primary visitor overlook spot and should have all the original number of benches in place. Let me know at your convenience how you plan to proceed. Thank you. ---Dave
